## eSubmissions Training Courses

## We offer training courses on **eSubmissions and Publishing** with **Extedo's tools eCTDManager, EURSValidator** and **eSUBManager**.

The content and duration are fully **adaptable** to the client's needs and to the users' knowledge level. The training is delivered by **experts** in the area and includes the deliverables of the **training material** (i.e., manuals, guidelines, presentations, etc.) and the issuance of a training **certificate**.

The training methodology is mainly **online**, although it can also be carried out in person, as per your request. Training sessions are **interactive** and can be **delivered both in Spanish and English;** the number of online attendees is **unlimited**. Additionally, a **training server** can be enabled for the attendees to carry out real **practical cases**.

This is a comprehensive list of the most demanded training topics:
