

Pharmacovigilance Audit Process with Asphalion

**Stay prepared before
the inspection notice
arrives**

Before the audit

Audit

Day 12

Audit conduction

Asphalion's audit team will conduct the audit either remotely or on-site, in accordance with the dates agreed with the **client**.

Audit duration will be previously agreed with the **client**.

Proven expertise in
third-party inspections
across Europe, Latin
America, Africa and
the MENA region

We offer complete flexibility, and each audit can be **tailored to the specific requirements** of the client

After the audit

Day 30

Asphalion will prepare the audit report based on the objectives outlined in the audit plan.

The report will detail the findings and provide proposed recommendations for aligning the processes with the **client's** internal SOPs, current pharmacovigilance regulations, and the pharmacovigilance agreements established with third-party companies.

If requested, **Asphalion** will provide support during the implementation of the CAPA plan.

Once the report has been reviewed by the Client's managers, the document may be discussed between the respective teams, if required, prior to the issuance of the **audit certificate** by **Asphalion**.
